## CANOE

### CANADIER4

A classic open boat made of long lasting 3-layer polyethylene with PE - seats for more security and durability and storage place in 2nd + 3rd seat. Its lightweight properties makes it easy for paddlers to carry it. Stable in the water it is spacious and easy to manoeuvre. There is no better canoe for a paddling trip through the nature.

## CANADIER 2

**CANADIER2** A classical must have canoe shaped for free time, flawless in all situation, sea, lake or quite river. Stability and versatility makes this canoe perfect for a wide range of users. Made in triple layers polyethylene. The inner layer provides rigidity to the hull and make it unsinkable, while the external layers protects the foam from impacts.

### CANOE

**Timo Lehtonen:** "It is easy tracking, but still turning quite nicely. It is pretty nice boat. It is quite nice to paddle also as solo, of course is made for tandem. Quite fast."

**roto** ATTIVO

**Soča** is a 137-kilometre long river that flows through western Slovenia and east Italy. An Alpine river in character, its source lies in the Trenta Valley in the Julian Alps. Soča is one of the most beautiful rivers in Europe, an important natural treasure in the Triglav National Park. It is famous for its deep emerald colour and brisk rapids in the upstream area. The Soča River is a veritable paradise for water sports enthusiasts, particularly fans of kayaking and fishing, as well as photographers and people looking to relax in natural surroundings.

**Visit Slovenia and  
discover Soča.**
